Non-Substantial Action Plan Amendment Number Thirty-Six to Superstorm Sandy Disaster Relief Appropriation, Public Law 113-2, 2013

I. Overview

The purpose of this Action Plan Amendment (APA) Number 36 is to provide non-substantial clarifications to the identified program areas as detailed in the document. This amendment is considered non-substantial since these clarifications and additions do not involve a new allocation or a transfer/re-allocation of Community Development Block Grant – Disaster Recovery funds in excess of $10 million; do not create a new program; and do not change approved program benefits or eligibility criteria.

Through this amendment, the State proposes to transfer $1,211,455 to the Rental Assistance Program.

1 New Jersey raised the limit for a substantial amendment in Action Plan Amendment #35, which was approved by HUD on February 7, 2020. The move was pursuant to 84 FR 4386 (February 29, 2019) and ensures the State maintains their commitment to transparency while quickly meeting the needs of under-allocated programs. All amendments, both substantial and non-substantial, will continue to be posted to https://www.renewjerseystronger.org/plans-reports/ prior to HUD approval.
complete remaining construction on their Sandy-damaged primary residences. Therefore, the State proposes to transfer $1,211,455 to the Rental Assistance Program.

The funds from this transfer come in part from a surplus in closed programs: Resettlement, Sandy Homebuyer Assistance, and Tourism Marketing. The remaining dollars are contributed from the Fund for the Restoration of Multi-Family Housing, in which program income has created an overallocation. The surplus funding will be reallocated to displaced homeowners in RAP.
